## Midi 4 LED Module

The all new, revolutionary TMT Game Changer Platinum Midi 4 module has efficiency at the center of its design. The CrystaLens optics provide a 170° viewing angle that dramatically reduces the number of modules required to provide bright, even illumination without hotspots. The incredibly efficient circuit design at the core of this powerful module outperforms every other module in the industry. Three times fewer modules delivers the same amount of brightness while reducing the power need by 30% making it the perfect product for large channel letters, sign cabinets and retrofitting existing fluorescent lighting.

### Features

- Best optical light dispersion in the industry
- Unbeatable 240 – 320 lumens per module
- Perfect for large channel letters and sign cabinets when installed 3" - 10" from the face
- Cable Hiding Technology (Patent Pending)
- Efficient Circuit Design (Patent Pending)
- Clean White Technology
- Snap-in compatible to TMT LEDs aluminum Midi Stick (Patent Pending)
- Available in 12 and 24 volt formats
- Up to 155 lumens per watt

### Applications

- Ideal for large channel letters with depths of 3" – 6"
- Perfect for sign cabinets with installation depths of 2" to 10" from sign face
